# Thoughts of MY LIBERATION

"JUST A TASTE"

Hau! <HEY BROTHERS & SISTERS>

OTHER THAN A COLLECTIVE WHICH I'VE TITLED "VOICES FROM THE IRONHOUSE", THIS IS MY OFFICIAL CREATION.

EVER SINCE I'VE PURCHASED "STOLEN SHARPIE REVOLUTION AND BLACK BOOKS SELF-PUBLISHING GUIDE" AS "HOW TO MAKE A ZINE", MY PASSION FOR THIS HAS GROWN IMMENSELY. I JUST HAD NO IDEA IT WAS POSSIBLE OR ACCEPTABLE FOR IT TO BE HAND WRITTEN. AND THE MAJOR DETERRING FACTOR IS, THAT I AM IN THE SHU/MAX UNIT, SO MY MAIL IS CONSTANTLY WATCHED. IT WOULD BE WONDEROUS IF OTHER ZINESTERS COULD BE ABLE TO VIEW MY WORK. THE "VOICES FROM THE IRONHOUSE" collective is mainly poetic. IT WAS ONLY RECENTLY THAT

I BEGAN MY FREE SKOOLING OF POLITICAL EDUCATION. WITH ALL THIS TIME ON MY HANDS, WHO COULD BLAME ME? A QUESTION I HAVE ALWAYS WANTED TO IMPOSE FOR CONSIDERATION IS; CAPTIVITY IS IT A STATE OF MIND? IS SLAVERY IN OUR MINDS? AS A NATIVE AMERICAN IT IS HARD TO ACCEPT THE CONFINING FACTOR OF MY BODY, BEING CAGED IN THIS HUMAN ZOO. MOST TIMES IT IS MY SPIRIT THAT HAS BEEN MY ONLY SOURCE OF STRENGTH. I AM GREATFUL FOR MY WARRIOR ROOTS WHICH ARE EMBEDDED WITHIN MY DNA/GENETIC MAKE-UP! IT IS THAT ALONE WHICH HAS GUIDED ME TO ENDURE, AND TO KEEP MY HEAD ABOVE WATER.

WE HAVE BEEN SILENCED FOR TOO LONG...  
IT IS TIME WE BE ALLOWED TO SPEAK - FREELY!!

"Revolution is about change, AND THE FIRST PLACE WHERE CHANGE TAKES PLACE, IS WITHIN YOURSELF!"

~ASSATA SHAKUR~

such an undertaking is however, nearly impossible and most likely improbable, due to the fact that society has blindly allowed these Cooperate and political mad-men to attain So much control over our lives. Any rebellion will be short lived and for the most part fruitless, for people won't have confidence in their ability to overcome such a hostile, powerful force on such limited means. So the problem before us, is not only these power-hungry Tyrants, it's also the mind state of our people. It's the slave mentality, and it's the system which propagates this weakness and dependence. Something must be done to reverse this insane political structure which is in place, to make sure that everything continues as it is. That actual freedom and control, stays in the hands of the few, and the many simply bow down in accepted servitude, thankful for the table scraps that get thrown in their direction. Some people, no matter how (in)dependent need guidance in certain aspects of life. These things in my opinion, are integral to the health and survival of a group or society. Now, to set the record straight, there is no reverting to a sub-civilized or pre-technological society. That time has passed. Besides there is nothing wrong with a little technology and civility, as long as it is actually progressive to the life and health of our people, as well as our environment. Just as there is nothing wrong with leadership, as long as it is also truly progressive in providing a healthy way of life.

THAT IS WHAT IS IMPORTANT!

Another example of Anarchistic behavior, and are easily understood by people such as ourselves, in the prison environment. Let's take it back a few years. A new guy enters prison completely unaware, not knowing what to expect or how to act. Yesterdays prisons had a culture all their own, and it's a good example of an Anarchistic Society. The Governments (institutions) rules were completely meaningless. Law and order was dictated by prisoner to prisoner intervention. If you were doing something unacceptable to the population, someone came to see you. Through viewing the environment and experiencing the culture, certain un-written laws formed out of the chaos of a seemingly lawless environment. Respect for one another was paramount. The laws and rules of this culture, formed in each person's minds, and became their own rules. Instead of being force-fed from some bureaucratic scumbag, who wouldn't know his ass from a hole in his head, if some rich business tycoon, didn't hold his hand and tell him what to say. People acted accordingly, because the environment wouldn't allow him to act any other way. The police weren't actually suppose to stop crime, they're only there to control us. (Besides, they're only a bullet-proof vest for the rich!) THAT IS THE ESSENCE OF ANARCHY! Out of completely chaotic reality, rules are not written and forced upon the people. Rules and laws become instinctual. And just like that the guy entering the prison, learning from day one, the ways of that culture. A child born into an Anarchistic Society grows up knowing nothing, but the natural respected laws of his/her environment. There comes a time when a person is awakened and realizes this, and says Fuck that! They openly disregard the present way of life, and refuse to participate in its future propagation!

THEY YOU FROM THAT DAY FORWARD to do whatever is necessary to end this life draining, and irreputable system of living. They become an Anarchist! They may not even be sure of how, or if things will change, or if they'll just revert back to the present state, but they grab a hold of the world and shake it up until it's in complete disarray. A clean slate in which a new system can form without the distraction of past ideas. Through the Chaos of Uncertainty and the necessity of Survival, new laws and methods will arise, new cultures will form. They will be real to the people because it will be their judgement and instincts that dictate this new system of Survival. And the reality will be clear, if again the minority of self-proclaimed Rich, and powerful attempt to gain control over laws and social beliefs, and standards, the response will be quicker the second time around. It will already be tried and true, Just grab a hold and shake it up again. That is the key to a successful government. You need the ability to dismantle it and Re-group whenever Corruption bares it's vile head. That option will always be open, because we will never be this powerless again....

\* THE POWER OF THE VOICE AND THE SOURCE OF THIS WRITING, IS JUST AS POWERFUL IN PERSON - MAYBE MORE...

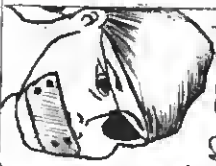

"IS POWER THE FIST SMASHING THE WALL? OR IS POWER THE ENERGY - THE FORCE WHICH COMPELS THE FIST TO SMASH THE WALL? HOW DO WE DETERMINE WHAT IS POWER?"

"DIDJA GET A TASTE?"  
DIDJA SAVOR THE FLAVOR?.

Irresponsibly, we have allowed our population to grow to such a dangerous number, that the natural Sustenance the Earth provides, simply isn't enough, and for our blind attempts to remedy this problem, we've traded quality for Quantity. Our bodies and minds are dying. Satuated with the highly toxic poisonous chemicals, which make the growth of such vast amounts of food possible. It's not just food either, it's heat, it's water, it's electricity, it's any and all means of Survival, that are available to us modern citizens. For most people, all of these things are provided by someone else. It's a Cooperative Cycle.

And this brings me to the real problem. You and I, all of us are to blame for allowing this to take place. Through sheer Mechanized Practice, rich-folk have completely Corralled every and all means of Survival, and have concocted a method by which to get Richer and more Powerful. At the same time to make the population dependent and therefore impotent, when it comes to rebellion or revolt. An Undeniable Right, granted to us in "our" governments own Declaration of Independence. It clearly states that in the event that our government becomes Corrupted and dangerous to the Progress and Safety of the population, that we have the right to violently take up arms against our "leaders, AND REPLACE THEM... Now as great a document that is, I could Care less about it. That is my Right as an individual, Just as it is everyones right, regardless of some crusty piece of paper. If we as a Majority feel as though our government is not serving our best interests, it is our duty as humans, to physically enact change by all means necessary.

How Much more free speech do we have left?

SO HERE WE GO...

THE TITLE FOR THIS IS QUITE FITTING,  
BECAUSE THAT IS JUST WHAT IT IS: A TASTE...

ANSWER THIS: WOULD A WOLF CHASE DOWN A DEER, SIMPLY TO FRIGHTEN  
IT? WOULD IT KILL THE DEER OUT OF ANGER AND JUST WALK OFF? OF  
COURSE NOT, THAT'S NOT HOW A WOLF OPERATES. WOULD A NATIVE HUNTING

PARTY, KILL A BUFFALO, CUT OFF ITS HEAD AS A TROPHY AND LEAVE THE  
CARCASS TO ROT? WOULD THE EARTH DECIDE ONE DAY THAT IT DOESN'T  
LIKE ITS ORBIT AND CHANGE DIRECTION? ABSOLUTELY NOT! THAT'S NOT HOW

NATURE WORKS. IT WOULD SERVE NO PURPOSE, AND ONLY LEAD TO THE  
DOWNFALL OF LIVES RHYTHM. NATURE IS THE ULTIMATE EXAMPLE OF ANARCHY.

OUT OF ABSOLUTE CHAOS, NATURE FORMS ITS OWN LAWS. IT SETS ITS  
OWN BOUNDARIES, AND INSTINCTUALLY FOLLOWS ITS OWN RULES. NOT

OUT OF AN AGREED UPON STANDARD OR A DEMOCRATIC REALIZATION, BUT  
OUT OF NECESSITY AND INSTINCTUAL JUDGEMENT. AT ITS PUREST FORM,

ANARCHY IS A STATE OF BEING WHICH ALLOWS HUMANITY TO ENTER  
THIS COSMIC RHYTHM, INSTEAD OF CRASHING AROUND CLUMSILY,

DELUSIONAL AS TO WHAT ITS ROLE HERE ON EARTH IS. TO PUT IT  
BLUNTLY, MOST HUMANS ARE INHERENTLY IGNORANT AND COMPLETELY

USELESS. THAT IS WHY WE HAVE ADOPTED SUCH A MORONIC SYSTEM OF  
SURVIVAL. NO ONE TAKES RESPONSIBILITY FOR THEIR OWN LIVES AND MOST

ARE ACTUALLY ARROGANT IN DEMANDING THAT OTHERS PROVIDE FOR THEM -  
WHAT A WEAK-MINDED, SPIRITLESS BUNCH OF LAME MOTHERFUCKS. HOW

WE'VE SURVIVED THIS LONG IS A GOD DAMNED MIRACLE. LET ME  
REPHRASE THAT, WE ARE NOT SURVIVING. WE ARE SPIRALING CLOSER AND

CLOSER TO OUR OWN EXTINCTION, ONLY PRETENDING TO BE ALIVE. HALF  
THE POPULATION IS ALREADY DEAD. IF YOU TOOK AWAY THE

CHEMICAL CRUTCHES PEOPLE USE TO UNNATURALLY CHEAT DEATH, IF  
YOU TOOK AWAY THE DRUGS, A GIANT POPULATION WOULD SIMPLY

CEASE TO EXIST. THERE ARE THOUSANDS OF PEOPLE OUT THERE  
PRECARIOUSLY BALANCING ON THE BRINK OF DEATH, SIMPLY BECAUSE

OUR SOCIETY'S MAD SCIENTISTS HAVE CONCEIVED THESE ZOMBIE  
POTIONS TO KEEP THESE DEAD PEOPLE UPRIGHT OR EVEN SEMI-

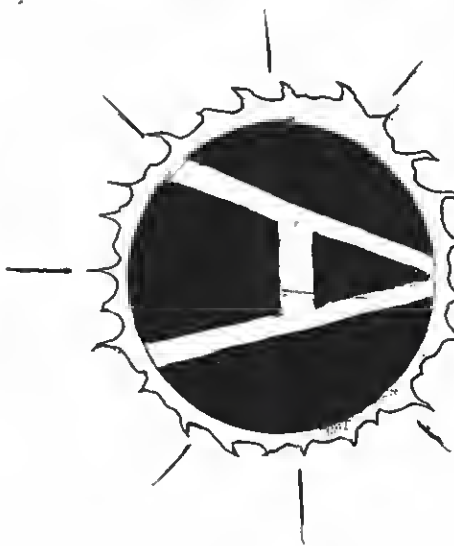

CONSCIOUS. THEY'RE NOT ALIVE, THEY'RE PROLONGING THE

inevitable, as well as disrespecting nature, with their false breaths. No one will admit it, but these talking Cadavers, (loved ones or not) become such a burden on the family, that the progression and health of our society, takes a backseat to caring for them. Who the fuck are we to mess with the cycle of life's death, so drastically? When drugs or Machines become the only means in which a person remains among us, it's time to go - cut the cord! You gotta let them go, that is an inevitable part of life. Death is necessary AND HEALTHY, AS TRAGIC as it appears to us still left alive. That's how LIFE works. In the natural world, the strong survive and the weak pass on. That's Reality. If an animal is lame, or injured, severely sick, other animals - most times its of their own Species, kills the animal because they instinctually understand that the key to Survival rests on the shoulders of the strong, and self-reliant! They understand that even one weak individual among them is a burden, and accordingly, they respect life enough to do, what's necessary for the good of the species, as well as the entire circle of life. This is not by any means to imply that we should spend our days hunting down the old, or sick or lame members of our own Species, and accordingly Pull their plug! It's not the weak and helpless that are a problem, and this is in no way an affliction held only by the sick. It goes way beyond physical health, into the daily lives of each and every one of us. Survival, I mean for the most part, humans today are not surviving, we're simply stagnant, remaining right at the brink of our own deaths. Our Existence is fully dependant upon the mass production of biologically enhanced fruits and vegetables, as well as steroid and hormone saturated livestock!
